

To whom this may concern at the Township of South Stormont,

I Alain Leduc would like to purchase the unopened road allowance RDAL BTN LT 6 AND LT 7 CON 6 OSNABRUCK (AKA HOOPLE RD); SOUTH STORMONT, PIN 602280076 and accept all costs associated with this transaction.

My intention with this road would be to eliminate farm equipment traffic on County road 12. Due to high traffic speeds/volume and limited line of sight to the south of our farm entrances it creates a safety concern for my employees and I. With having ownership of the road I can have full access to my farm land from Hopple road entrance.

Below is an image with the highlighted area road of interest. I would only need the section of road that is set back from the dwellings at both north and south ends. The area in between the north and south extremities is roughly 1420 meters.
